

## **Explosives Camp FAQs**

Question: My son is not 16 until June 14. I want him to come to camp..

Answer: We are limited by the insurance of our hosts for field trips. A camper must turn 16 by the Wednesday in the middle of the camp he/she applies for. We have 3 camps so he should be eligible for at least the 3<sup>rd</sup> camp.

Question: What should I bring to camps?

Answer: Steel toed boots, outdoor clothes, sun block, swim suit, water bottle, and any necessary medication such as a bee sting allergy kit if you are allergic.

Question: Can I bring my car

Answer: The safety of our campers is of great importance. Students are not allowed to use cars during camp and their keys have to be handed in. Over 40,000 people are killed in automobile accidents in the US each year, the majority being young people. All transportation needs during camp will be catered for by camp staff.
